

Date: Wednesday, November 29, 2006

Time: 6:00pm – 9:00pm

Hotel El Faro
Carr. 107, Km. 2.1
Aguadilla, PR

IEEE Computer Society - Western Puerto Rico Section CIAPR - Capítulo de Aguadilla

Invites you to the following seminar:

The .pr Domain: Past, Present, and Future

Offered by: **Dr. Oscar Moreno**
IEEE Fellow

Puerto Rico (.pr) Domain Manager (www.nic.pr)
Director - Gauss Research Laboratory (www.uprr.pr)
University of Puerto Rico—Rio Piedras Campus

Place: Hotel El Faro
Carr. 107, Km. 2.1 / Aguadilla, PR
Date: November 29, 2006
6:00pm-9:00pm
Cost: FREE

3 contact hours (0.3 CEUs) under evaluation

The .pr Domain: Past, Present, and Future

Abstract: This seminar will present the .pr domain from a historic perspective, taking into account the principal technological ideas that are sustaining the domain such as: Local Networks, DNS, Anycast technology, DNS-SEC (and his relation to public key cryptography), watermarking (and his relation to Frequency Hoop Codes). We will also discuss the current relationship between the .pr domain and other professional organizations such as ICANN, ARIN, IEEE, LACTLD, and others.

The seminar will also cover current .pr domain projects areas such as:

- Puerto Rico Internet Exchange
- Cyberlaw (Puerto Rico Senate project 1205)
- Academic Communities
- Commercial Communities
